

Packaging and Shipping

We are pleased to offer you an effective logistics system. Directly after harvesting, our plants are packaged in 3-layered airtight sacks and delivered to you by a forwarding agent. The paper sacks keep the roots fresh, and therefore save you much time and heavy digging. The sacks can also be used for transport, ensuring the roots don't come in contact with sun or wind traveling from nursery to your planting location. Alternatively, we also offer delivery in wooden cradles – this is especially recommended for larger quantities.

To guarantee the best possible planting outcome, please take a look at our planting tips on page 26-27.

Packaging Prices:

Unit	€/ Piece
Bag	2,50
Styrofoam Box	1,10
PVC Box	4,20
Danish Box	24,50
Pallet with attachment	16,00

Shipping Prices:

GERMANY	
Unit	€/ Piece
1-2 Bags	19,90 per Bag
3 Bags on ½ a Pallet (flat-rate)	49,50
Pallet / Danish Box	Shipping on request

AUSTRIA	
Unit	€/ Piece
1-2 Bags	16,50 per Bag
Pallet / Danish Box	Shipping on request

The shipping costs are based on the volume and weight of ordered goods, and the distance, which can change due to increases in road tolls.

Quantities and Discounts:

The minimum order quantity per sorting and origin is 100 pieces, and per delivery 300 pieces. For organizational reasons, we ask you to send your orders to us two weeks before the desired delivery date. Delivery is only possible in packs (depending on age and sorting). We are happy to make you an offer for larger quantities. **For orders less than 100 pieces per cultivar, a surcharge of 20% will be charged.**
